IEEE - The Institute of Electrical and Electronics Engineers

ANKIT R. PATEL

**University of Minho, Portugal,
Associate Editor, EAI Endorsed Transactions
on Smart Cities and Journal of Social
Economic Research**

ABOUT THE EXPERT

Mr. (Dr.) Ankit R. Patel is a transport researcher and currently associated with the University of Minho, Portugal. He has been involved as a keynote speaker in many international events such as Casablanca Smart City, Morocco in June 2024; Navigate Mobility, Prague, Czech Republic in September 2024; and Smarter Mobility Africa, Johannesburg, South Africa in October 2024. He has associated with various prestigious international conferences like ACM (CHI, NordiCHI, OzCHI, AutomotiveUI, Mindtrek, COMPASS, GROUP, IMX, MuC), IEEE (ITEC, AFRICON, eScience, MELECON, LOGISTIQUA, WF-PST, ECCE, GTSNZ), IFAC (CTS). He also serves as a lead editor for the special issue in the Journal on Multimodal User Interfaces; associate editor for the EAI Endorsed Transactions on Smart Cities and Journal of Social Economic Research; and as an editorial board member in the Journal of Sustainable Urban Mobility and Transportation Development Research. His research interest lies in the field of interaction and human factors, smart cities, policy and design, sustainable and socially inclusive transportation.
